

ERIC ROBERT HAGEN

494 UCEN Road ◊ Santa Barbara, CA 93117
erhagen@ucsb.edu ◊ erichagen.github.io ◊ October 2026

EDUCATION

- PhD – University of Arkansas, Biology** August 2018 – July 2023
Dissertation: *Time and Chance Happen to Them All: A Macroevolutionary Examination of the Effects of Whole Genome Multiplications.*
Advisor: Jeremy M. Beaulieu
- BA – Wesleyan University, Biology and Earth & Environmental Sciences** August 2014 – May 2018
Honors thesis: *Examining “Small Leaf Bias” in the Hell Creek and Fort Union Formations Using Secondary Vein Scaling.*
Advisor: Dana L. Royer

PROFESSIONAL APPOINTMENTS

- Postdoctoral Fellow – University of California, Santa Barbara** October 2026 – present
Earth Research Institute
PI: Joel Sharbrough
- Postdoctoral Fellow – University of Michigan, Ann Arbor** October 2025 – September 2026
Department of Ecology and Evolutionary Biology
PI: Thais Vasconcelos
- Postdoctoral Fellow – University of Toronto** August 2023 – August 2025
Department of Ecology & Evolutionary Biology
PI: C. Tomomi Parins-Fukuchi

HONORS, AWARDS, AND FUNDING

- | | | |
|--|----------|-------------|
| Doctoral Student Travel Grant
University of Arkansas | \$1,100 | 2023 |
| Graduate Student Research Award
Society of Systematic Biologists | \$3,000 | 2022 |
| Graduate Dissertation Research Award
Fulbright College, University of Arkansas | \$5,000 | 2022 |
| Doctoral Student Travel Grant
University of Arkansas | \$1,000 | 2021 |
| Distinguished Doctoral Fellowship
University of Arkansas | \$88,000 | 2018 – 2022 |
| College of the Environment Summer Internship
Wesleyan University | \$4,000 | 2017 |
| Research in the Sciences Summer Fellowship
Wesleyan University | \$4,000 | 2016 |

PUBLICATIONS

¹co-first authors, *undergraduate student mentee, **graduate student mentee

Manuscripts In Preparation (6)

- **Hagen, E.R.**, Pease, J.B., and Parins-Fukuchi, C.T. 2026. Relationships between gene-tree discordance and species-level diversification: a case study with gymnosperms. *Systematic Biology* [in prep].
- **Hagen, E.R.**, and Beaulieu, J.M. 2026. Explicitly testing for links between whole genome duplications and subsequent diversification events with the PolySSE model. *Molecular Biology and Evolution* [in prep].
- Tye, S.P., **Hagen, E.R.**, Gómez-Llano, M., Yoakum, C.B., Loss, S.R., Smith, A.C., and Siepielski, A.M. 2025. Elevated species mortalities coincide with decline of North American birds. *Proceedings of the National Academy of Sciences* [in review].
- Parins-Fukuchi, C.T., J.G. Saulsbury, and **Hagen, E.R.**. 2026. The maintenance of extinction-resistant but depauperate clades. *Cambridge Prisms: Extinction* [in review].
- Thompson, J.B.¹, **Hagen, E.R.**¹, Forward, E.A., Pérez-Escobar, O.A., Clark, J.W., and Priest, N.K. 2025. Pollinator specialisation fails to explain rapid speciation in terrestrial orchids. *Biological Journal of the Linnean Society* [in review]. [Pre-print here](#)
- Wilson, C.G.** , **Hagen, E.R.**, and Beaulieu, J.M. 2025. Environmental correlates of diversification within the bee genus *Melissodes*. *Insect Systematics and Diversity* [in press].

Peer Reviewed Papers (8)

- Hoffman, A.E.*, Vasconcelos, T., and **Hagen, E.R.** 2026. Bees as ambassadors for plant awareness and conservation. *Plant-Environment Interactions* 7 (3): e70171. [Link here](#)
- **Hagen, E.R.**, and Beaulieu, J.M. 2024. New beginnings for dead ends: polyploidy, -SSE models and the dead-end hypothesis. *Annals of Botany* 134 (6): 923–932. [Link here](#)
- **Hagen, E.R.** 2024. A critique of Thompson and Ramírez-Barahona (2023) or: how I learned to stop worrying and love the fossil record. *Biology Letters* 20: 20240039. [Link here](#)
- **Hagen, E.R.**, Vasconcelos, T., Boyko, J.D., and Beaulieu, J.M. 2024. Investigating historical drivers of latitudinal gradients in polyploid plant biogeography: a multiclade perspective. *American Journal of Botany* 111 (8): e16356. [Link here](#)

- Tye, S.P., and **Hagen, E.R.** 2022. The perennial seeds of Zapata. *Science for the People* 25 (1): 40–44. [Link here](#)

TEACHING EXPERIENCE

Teaching Assistant: BIOL 3023, Evolutionary Biology
University of Arkansas

Spring 2022 – Spring 2023

Teaching Assistant: BIOL 2211, Human Physiology Lab
University of Arkansas

Spring 2020 – Fall 2021

Teaching Assistant: BIOL 4153, Biology of Global Change
University of Arkansas

Spring 2019

Teaching Assistant: BIOL 1541, Principles of Biology Lab
University of Arkansas

Fall 2018 & Fall 2019

MENTORING EXPERIENCE

Ari Hoffman, University of Michigan Demographic survey of plant awareness disparity (PAD)	Undergraduate mentee (2025 – 2026)
Maguire Topping, University of Michigan Tracking mast-seeding using herbarium specimens	Undergraduate mentee (2025 – 2026)
Michelle Su, University of Toronto Analyses of biotic replacement in echinoids using neutral theory	PhD student mentee (2023 – 2025)
Christopher Wilson, University of Arkansas Climatic correlates of diversification in the bee genus <i>Melissodes</i>	PhD student mentee (2022 – 2026)
Courtney Watson, University of Arkansas Genome size change in angiosperms from the Cretaceous to present	Undergraduate mentee (2022)
Phoebe Bruffett, University of Arkansas Genome size change in angiosperms from the Cretaceous to present	Undergraduate mentee (2019 – 2022)
Lora Koonce, University of Arkansas Genome size change in angiosperms from the Cretaceous to present	Undergraduate mentee (2018 – 2020)

INVITED TALKS

- **Hagen, E.R.** March 23, 2026. *Search strategy for meta-analysis*. Institute for Global Change Biology Stats Sessions: Meta-analysis for ecology, evolution, and sustainability (101). University of Michigan. Ann Arbor, Michigan, USA.
- **Hagen, E.R.** February 23, 2026. *Modeling the tertiary structure of proteins*. Weber State University. Ogden, Utah, USA.
- **Hagen, E.R.** February 23, 2026. *The plant's declassified Earth survival guide: polyploidy, macroevolution, and anthropogenic change*. Weber State University. Ogden, Utah, USA.
- **Hagen, E.R.** January 21, 2026. *The plant's declassified Earth survival guide: evolutionary effects of polyploidy across scales*. University of California, Santa Barbara. Goleta, California, USA.
- **Hagen, E.R.** October 23, 2025. *Meta-analysis for biological sciences*. Guest lecture, BIO202: Biological Data Analysis and Programming. University of Michigan. Ann Arbor, Michigan, USA.
- **Hagen, E.R.**, and Beaulieu, J.M. April 2, 2025. *Using -SSE models to study diversification after neopolyploidy and paleopolyploidy*. Polyploidy Webinar. Online via Zoom. [Available on YouTube](#)
- **Hagen, E.R.** March 27, 2025. *How polyploidy affects plant evolution: traits, diversification, and biogeography in phylogenetic context*. University of Central Florida. Orlando, Florida, USA.

CONFERENCE PRESENTATIONS

- **Hagen, E.R.**, Kilsztajn, Y., and Vasconcelos, T. 2026. *General patterns in functional trait evolution: a synthesis of height data across plant genera*. Botany Conference. Tucson, Arizona, USA.
- **Hagen, E.R.**, and Parins-Fukuchi, C.T. 2025. *Biotic replacements and macroevolutionary lags: searching for mechanisms*. Evolution Conference. Athens, Georgia, USA.

- **Hagen, E.R.**, Pease, J.B., and Parins-Fukuchi, C.T. 2024. *Integrating phylogenomic and paleobiological approaches to investigate the emergence of novelty in flowering plants*. Evolution Conference. Montreal, Quebec, Canada.
- **Hagen, E.R.**, and Beaulieu, J.M. 2023. *Directly testing for diversification lags after polyploidization*. Botany Conference. Boise, Idaho, USA.
- **Hagen, E.R.**, Vasconcelos, T.N.C., Boyko, J.D., and Beaulieu, J.M. 2022. *The biogeography of polyploid plants in historical and phylogenetic context*. Evolution Conference. Cleveland, Ohio. USA.
- **Hagen, E.R.**, Vasconcelos, T.N.C., Boyko, J.D., and Beaulieu, J.M. 2022. *Climatic instability through time shaped the global distribution of polyploid diversity in flowering plants*. The International Biogeography Society Conference. Vancouver, British Columbia, Canada.
- **Hagen, E.R.**, and Beaulieu, J.M. 2019. *An event-based model for examining the influence of genome duplications on diversification dynamics*. Botany Conference. Tucson, Arizona, USA.

EDITORIAL BOARD AND REVIEWER EXPERIENCE

Reviewer for: *American Journal of Botany, Annals of Botany, AoB Plants, Cell, Evolution, Global Ecology & Biogeography, Journal of Biogeography, New Phytologist, Proceedings of the Royal Society B, Systematic Biology*

SERVICE AND OUTREACH

Research competitions 2022 – 2026

- Judge, Botanical Society of America conference graduate student presentation competition (2026)
- Judge, University of Michigan EEB Dept. Outstanding Graduate Student Publication Award (2026)
- Lightning talk moderator, University of Toronto Atwood Colloquium in Ecology & Evolution (2025)
- Judge, University of Toronto EEB Undergraduate Research Fair (2025)
- Judge, University of Toronto Science Rendezvous Festival (2024)
- Judge, University of Arkansas Undergraduate Research Week (2022)

Canadian Union of Public Employees Local 3902 2023 – 2025

- Lead Steward for Unit 5, which represents postdocs (2025)
- Grievance Council member (2025)
- Unit 5 Steward for EEB Department (2024 – 2025)
- Contract Action Team member (2023 – 2024)

University of Arkansas Wildlife Society 2018 – 2023

- Vice President + Treasurer (2022 – 2023)
- Participated in native plant seed collecting, tree planting, predator cam installation, clean-ups, and other projects

Wesleyan Center for Prison Education 2015 – 2016

- Tutored students at York Correctional Institution in Niantic, CT in math and writing

PROGRAMMING LANGUAGES

- R, Python, Julia, Bash
